SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501-3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term "collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension or reinstatement of an

existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. Type of Information Collection Request: Revision of currently approved collection; Title of Information Collection: Medicare Self-Referral Disclosure Protocol; Use: The Self-Referral Disclosure Protocol (SRDP) is a voluntary self-disclosure instrument that allows providers of services and suppliers to disclose actual or potential violations of section 1877 of the Act. We analyze the disclosed conduct to determine compliance with section 1877 of the Act and the application of the exceptions to the physician self-referral prohibition. In addition, the authority granted to the Secretary under section 6409(b) of the ACA, and subsequently delegated to CMS, may be used to reduce the amount due and owing for violations.

We are now seeking to further revise the currently approved collection. Specifically, we are: (1) creating an optional expedited SRDP review process (the “Expedited SRDP Review Process”) for disclosures that meet certain eligibility requirements; (2) continuing the established SRDP review process (the “Standard SRDP Review Process”) for other disclosures; and (3) revising the estimated burden hours based on our experience administering the SRDP over the past three years.
